

Giftet Partnership Nonprofit Organizations

GIFTET PARTNERSHIP PHILOSOPHY

In general, Giftet philosophy is based on partnership; therefore, Giftet welcomes new partners! Partnership may include any of the following:

1. **family partnership** : a partnership in which the partners are members of a family such as Progrid family who may also be members of any nonprofit organization
2. **nontrading partnership** : a partnership that is not engaged in the buying and selling of goods called also *non-commercial partnership* — compare TRADING PARTNERSHIP in this entry such as research and development partnership that includes publications in journals and magazines such as *NAVIGATION Journal of the Institute of Navigation, IEEE Transitions on Wireless Communications, IEEE Transactions on Aerospace and Electronic Systems, IEEE Systems Magazine, etc.*
3. **partnership at will** : a partnership whose duration is not fixed by contract and that is terminable at will by any partner such as might be the case when there are excessive increase of dues, etc.
4. **trading partnership** : a partnership whose business involves the buying and selling of goods called also *commercial partnership* — compare NONTRADING PARTNERSHIP in this entry such as in later commercial licensing of Giftet Inc tutorials, books, CDs, DVDs, videos, etc.

Building successful partnership one client at a time and one project at a time.
